

CULTURAL DIMENSION OF THE COMMUNITY - MOSHNY VILLAGE

VISION OF THE PROJECT

The "**Cultural Dimension of the Community – Moshny Village**" project aimed to preserve the identity and ensure the sustainable development of the Moshny village community (Cherkasy region) by researching and promoting its rich cultural heritage. Moshny village is home to over ten outstanding architectural and historical monuments, which have been underappreciated due to a lack of information and awareness. This project sought to establish a vibrant cultural and tourist cluster in the Moshnivska rural community, fostering community sustainability and preserving cultural identity through heritage promotion.

This initiative aimed to establish Moshny as a unique cultural brand, attracting tourists and businesses while promoting the preservation of its rich historical and architectural heritage. The project provided the foundation for community-driven cultural development, fostering appreciation for the village's identity and creating new opportunities for economic growth.
